Subject: Lahaina Wastewater Reclamation Facility
Injection Well Permit

Dear Nancy,

Please do not issue a reuse permit for the Lahaina injection wells before holding a public hearing on Maui, where alternatives can be discussed. We have heard from Dave Taylor that there is no money to reuse the effluent. We have heard from Steve Parabolicoli that we reusing the waste water is a "Best Practice."

Let's practice what is best and reuse the waste water.
Let's find a way together.

Yours truly,

Toni
